

Bill Long Speaks Before the NYS Bar Association

MAY 2009

New York State Bar Association, Faculty Presenter

Litigating Minor Impact Soft Tissue Cases (MIST) and the use of Biomechanical Experts

Buffalo, New York, May 29, 2009

Bill was invited by the New York State Bar Association to speak at its 2009 General Auto Liability Seminar on May 29, 2009. He presented the defense perspective on the topic "Litigating Minor Impact soft Tissue Cases and the Use of Biomechanical Experts". The audience was comprised of plaintiff and defense attorneys from throughout Western New York whose attendance earned continuing legal education credits required by the New York State Bar Association. The presentation provided an in depth overview of the use of biomechanical experts in the prosecution and defense of claims involving low speed impact accidents with the focus on causation issues as they relate to the biodynamic mechanism of injury.
